REAL RESULTS...REAL FAST!

For the first time in the supplement history a product has been developed for the weekend warrior and the top professional athletes in the world.

S.W.A.T.S. and their manufacturing partner, Total Supplement Solutions, and their scientific advisory board has blended their proprietary product into one easy to assimilate formula that absorbs almost instantly into the blood stream for mind-blowing results.

To purchase this proprietary blend of ingredients individually would cost hundreds of dollars and would not accomplish the same success, recovery, rebuild, stamina and strength as the world class, patent pending, L.E.A.P. formula because they have a synergistic effect that makes this technology the best supplement you can put in your body.

Using L.E.A.P. you will experience the results you are looking for, spend less time in the gym, see better results in less time and leap past your competition, *whatever it may be.*

Please visit our website:
www.swatsteam.com

Directions: Mix 1-2 scoops (approx 9 grams) per day in juice or water 1-2 times per day.
